Dictated but not read

Proposed: 2023, Wednesday, February 8th

Rejected: 2023, Thursday, February 9th

Reason: It is considered lazy and rude to include this when the author has the time to read their work, and since I constantly process it in my head, and because I have the time, I choose not to include it
[Continued work]

Will there be a second edition?

This has not yet been decided.

Compared to other journals...

- This journal is not AI-generated
- This journal is not a simple log of events, it goes into detail for each event
